SUMMARY

B.Tech IT graduate with a focus on Generative AI and full-stack development. Experienced in building AI-powered applications, from multi-agent systems to complete web platforms. Seeking a GenAI engineer role to build practical, production-ready AI solutions.

SKILLS

Programming Languages: Python, JavaScript, Java, C, HTML, CSS

Frameworks & Libraries: React.js, FastAPI, Flask, LangChain, LangGraph

Databases: MySQL, MongoDB, ChromaDB

AI/ML & CV: RAG, Gemini API, LangSmith, RAGAS, YOLOv8, OpenCV

Tools: Git, GitHub, VS Code

Professional Skills: Communication, Problem-Solving, Team Collaboration, Adaptability

PROJECTS

BizInsight – AI Business Intelligence Platform

- Developed BizInsight, a multi-tenant, multi-agent AI platform that enables organizations to analyze business documents and retrieve insights through conversational AI.
- **Tools:** React, FastAPI, MongoDB, ChromaDB, LangChain, LangGraph, Gemini API, LangSmith, RAGAS.

HireReady – AI-Powered Resume & Career Assistant

- An AI-powered career assistance platform that simplifies job preparation through AI-driven resume optimization, personalized career guidance, and automated interview practice.
- **Tools:** React.js, Python, FastAPI, MongoDB, Google Gemini API, ReportLab.

NutriScan – AI-Powered Food Nutrition Analyzer

- Developed an AI-powered nutrition analysis app that scans product barcodes, retrieves product information, and provides AI-generated nutritional assessments and product ratings.
- **Tools:** Flutter, Dart, Flask, Python, MongoDB, Google Gemini API, Google ML Kit, and Barcode Scanner.

Real-Time Attention Monitoring System for Classroom

- Developed a real-time classroom monitoring system to track student presence and attention, generate engagement reports, and visualize results on a live dashboard.
- **Tools:** Python, YOLOv8, DeepSORT, OpenCV.

EDUCATION

B.Tech in Information Technology **2022 – 2026**
LBS College of Engineering, APJ Abdul Kalam Technological University (KTU), Kasaragod, Kerala
CGPA: 7.42

CERTIFICATIONS & ACHIEVEMENTS

Published Research Paper – ICSTS 2025 **Dec 2025**
Real-Time Student Engagement Assessment Framework
YIP District Level Selection – NutriScan AI Nutrition Scanner App **July 2025**
